

**REDBIRD
RESPECT**

Campus safety is everyone's responsibility

Keep the following in mind:

- Be vague with information you post on the Internet about where you are going.
- Lock your door and do not prop doors open.
- Be aware of your surroundings. Do not listen to loud music or constantly be on your phone, especially when walking at night or by yourself.
- If you choose to drink alcohol, use a sober buddy system and always remain with your friends.
- Sign up for campus emergency alerts at Security.IllinoisState.edu.
- Avoid walking alone. Students, faculty, and staff can call SafeWalk at (309) 438-WALK (9255) to receive a free on-campus walking escort 365 days a year.
- Intervene if you see someone's safety at risk. If you do not know how to help, call 911.
- If you see an unsafe situation, say or do something to disrupt. Report suspicious activity to University Police by calling (309) 438-8631. For those who have experienced an unwanted sexual encounter, free and confidential assistance is available through Student Counseling Services' Sexual Assault Prevention & Survivor Services, Counseling.IllinoisState.edu.
